3.8. Transport from airport to hotel

Jorge Chávez International Airport (Lima) is located 16 km (10 miles) to the northwest of Lima. Hotels are located in Miraflores and San Isidro the best option is reach them by taxi. Many taxis are available at the airport but we recommended to our participants use the services of Taxis which has a small desks located outside the arrivals hall, behind the car rental booths. Rates are posted beside this desk. The journey takes about 50 minutes and the cost is approximately 35-50 Soles (maximum 20 dollars); most taxis accept both: Soles and US dollars.

3.9. Moving around on your own

For transport in Lima, we recommend our participants to arrange for taxis at the hotel reception. Or you have the option to coordinate a service by phone, for example Taxi Satelital, Tel: 355-5555 (They will pick you up in 5-15 minutes, approximately), or utilize the applications Uber or EasyTaxi.

Lima is located on the west central coast of Peru, on the shores of the Pacific Ocean, Lima's history predates the colonial presence in the country. The establishment of the viceroyalty transformed the city into the important political and administrative center of South America. During this period, significant churches, monasteries, mansions and balconies were built. The arrival of modernity didn't transform the historic center, which is recognized as a World Heritage Site.

Museums with great works of art, archaeological sites, beaches, the boardwalk, valleys, natural reserves, the nightlife, the thrill of adventure sports, and the exquisite cuisine gives Peru's capital an authentic personality and makes tourism in Lima a unique experience in the country.

The Peruvian cuisine has influences of the Andean, European, African and Asian, due to the various migrations that the country has experienced in the last 500 years. You can find great meals at restaurants of all types and price, including signature restaurants, traditional restaurants, fusion food, etc. You can find some recommendations here:
