2018 TPG meeting organization

3-6 December 2018, Rome (Ministry of Agriculture, Italian NPPO)

Hosted by the IPPC Secretariat

Tentative agenda:

- Draft ISPMs from 2018 first consultation
- Review of consultation comments + Translation issues
- Terms for possible revision

❖ Thank you to all TPG members, steward and assistant steward!

Recommendations to the SC

The SC is invited to:

- (1) *Agree* that Ms Laurence BOUHOT-DELDUC (France) be renewed as TPG member for French for another five-year term, starting in January 2019.
- (2) *Examine* further how Outline of requirements are written in current draft standards, taking into account the above discussion in section 2.2.
- (3) *Agree* that the TPG propose ink amendments to adopted ISPMs to avoid the use of the term “commodity class”.
- (4) *Add* the term “commodity” to the *List of topics for IPPC standards*.
- (5) *Note* the *General recommendations on use of terms in ISPMs* as presented in Appendix 4 of the 2017-12 TPG report.

- (6) *Review and approve* the ink amendments proposed by the TPG to ensure a consistent use of “contamination” and its derivatives in adopted ISPMs, as presented in tables 1, 2 and 3 of document 05_SC_2018_May .
- (7) *Note* the TPG work plan 2018-2019 (as presented in Appendix 6 of the 2017-12 TPG report) and the work performed by the TPG over the last year.
- (8) *Consider* the possibility of allowing submissions, during the call for topics “Standards and Implementation”, of terms to be worked on by the TPG at the exclusive decision of the SC, including terms that are not used in ISPMs (e.g. terms used in IPPC manuals), taking into account the above discussion (see section 5.3).
- (9) *Agree* that the TPG review and finalize the draft explanatory document on ISPM 16 (*Regulated non-quarantine pests: concept and application*).
