COMMISSION ON PHYTOSANITARY MEASURES

Eighth Session
Rome, 08 - 12 April 2013
Chart of IPPC Capacity Development Projects Active in 2012
Agenda item 10.3
Prepared by IPPC Secretariat

1. The chart in Table 1 provides an overview of the capacity development projects in which the IPPC Secretariat actively participated in 2012.
2. The chart is organized by FAO region and includes a section for projects that are globally applicable. Regional and global projects are shaded. An online database compiles information on all projects in which the IPPC has been active and is available at <http://www.phytosanitary.info>.
3. The Secretariat encourages members and donors to consult this database for a broad view of international cooperation in phytosanitary capacity development projects, to gather ideas of relevant projects, and to strengthen cooperation while avoiding duplication of efforts.
